General Collection of Plants for Florists.

Souv. de Bonn.

New Abutilon, SOUVENIR DE BONN.

This is entirely different from anything we have had before in the way of variegated Abutilons. It is a strong, upright grower with large, bright green foliage, distinctly edged with a broad band of creamy-white and yellow. Flowers very large, on stems 8 to 9 inches in length. Color bright orange-red, very effective with its beautifully variegated foliage. It is one of the most distinct and showy ornamental foliage plants that has come to our notice in years, and when better known will be used in large quantities in connection with Palms, Dracenas, Rubbers, etc., for decoration purposes. Fine plants, 6 cents each; 50 cents per dozen; \$4 per hundred.

Agapanthus Umbellatus.

ANTHERICUM VITATUM. Folia Variegata.

A beautiful plant with re-curved graceful foliage, which attains a growth of about three feet. The leaves are dark green, beautifully marked with broad stripes and bands of creamy-white color. Price, four inch pots, \$1 per dozen; two-and-a-half inch pots, 50 cents per dozen; \$3 per hundred.

ANTHERICUM PICTURATUM.

A beautiful plant with re-curved foliage, which makes a handsome pot plant, and is also useful for vases. The leaves are dark green, beautifully marked with broad stripes and bands of a creamy-white color, bears large spikes of white flowers. Price, 4 inch pots, \$1.50 per dozen; two-and-a-half inch pots, 60 cents per dozen; \$6 per hundred.

AGERATUMS.

A good selection, containing the following sorts:

John Douglas—Dwarf, blue, very compact.

Cope's Pet—A valuable new dwarf variety, producing bright blue flowers.

White Cap—New. It is, without doubt, the best white variety ever introduced.

Variegatum—Beautiful variegated leaves.

The Mayflower—New; dark blue. Fine for carpet bedding. Price, 5 cents each; 40 cents per dozen; \$3 per hundred.

New Ageratum—Tapis Blue—This is the best blue Ageratum for bedding, etc., yet produced, being dwarf and compact in habit and extremely free flowering, superior to Cope's Pet. Raised by M. Bruant, Poitiers, France. Price, 5 cents each; 40 cents per dozen; \$3 per hundred.

Abutilon, GOLDEN BELLS. (Golden Fleece.)

A bright, golden-yellow Abutilon, of strong, vigorous habit and very free-flowering. There have been a number of yellow Abutilons introduced during the past few years, but they all lack richness of color; the variety now offered combines large size, fine form and depth of coloring, and will become the leading yellow variety. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Abutilon, ECLIPSE.

A pretty trailing variety, with large foliage beautifully marked with deep green and yellow. Flowers bright yellow, with deep crimson throat, fine for vases or large hanging baskets. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Abutilons—General collection of the best market kinds. Price, 10 cents each; 50 cents per dozen; \$4 per hundred.

AMOMUM MELEQUETTA.

It belongs to the Ginger family, and produces the Cardamon seeds of commerce. In growth it represents a miniature Canna, and makes a very pretty pot plant. The foliage is quite fragrant. Price, 6 cents each; 50 cents per dozen; \$4 per one hundred.

ASPIDISTRA VARIEGATA—A beautiful variegated foliage plant, fine for specimen. Price, three-and-a-half inch pots, 10 cents each; \$1 per dozen.

Acalphya Tricolor—A beautiful plant, with large and high colored leaves. Bright red, with blotches of crimson-bronze. See cut. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

Acalphya Marginata—Dark bronze, with rose-margined foliage. This variety equals the showiest varieties of Coleus in effect, and has besides a decided advantage over any Coleus—namely to be harder, and not liable to wilt in the hottest and driest weather. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Agapanthus Umbellatus—(Blue Lily of the Nile.) This is a splendid ornamental plant, bearing large clusters of bright blue flowers on long flower stalks and lasting a long time in bloom. There is no finer plant than this for outdoor decoration, planted in large pots or tubs on the lawn, terrace or piazza. It does well in the house or greenhouse in Winter, requiring but slight protection. It is a rapid grower, and increases in size and beauty every year; the chief point in its cultivation is to divide the plants before the pots or tubs become overcrowded with roots. With the most ordinary kind of care, it is a plant that will last forever. Price, strong plants, 6 cents each; 50 cents per dozen; \$4 per hundred; nice mailing plants, 40 cents per dozen; \$3 per hundred.

New Double Bruant Geranium,

THEOCRITE.

A DISTINCT new Geranium of the large flowered Bruant race, producing very large semi-double flowers of the most beautiful and unique form, borne in immense trusses, the individual florets, the largest of the semi-double varieties. Its colorings are simply without an equal, a soft, tender rose with violet shadings, entirely distinct from any other variety in coloring. Another characteristic of this new Geranium is its heavy, dense foliage, neatly zoned and stands our hot sun admirably, and for bedding is without a rival. Price, 5 cents each; 50 cents per dozen; \$3 per hundred.

J. J. Harrison.

THE PREMIER NEW DOUBLE GERANIUM, ❀ ❀ ❀

❀❀❀ J. J. HARRISON.

OF ALL the new Geraniums introduced the last five years, this is the Premier variety. The enormous truss, the size and beauty of the individual flower, its glowing color, the sturdy habit and magnificent growth, makes it rank first of all in bedding Geraniums. Our artist represents an ordinary truss, of course much reduced in size, many of the single florets being over two inches across, but it will give a fair idea of the flower. Mr. Bruant, the grower, has given us a great many good varieties. In fact the Bruant type of Geraniums, of which he is the originator, is the finest strain of Geraniums known. But this variety far excels them all. Its brilliant scarlet flowers makes it a noticeable feature in any collection. Price, 60 cents per dozen; \$5 per hundred.

LA FAVORITE.—This is without any doubt whatever the best Double White Geranium ever introduced. It is so far ahead of all others that a comparison is not necessary. Many extra fine plants have some weakness. This has not, being a strong grower, a profuse bloomer, and reliable in always coming perfect in color and substance. The trusses are very large; flowers beautifully formed, of the purest white, and retains its color in the sun, not drawing to a pinkish color as does the White Swan. Price, 5 cents each; 50 cents per dozen; \$3 per hundred.

FIRE BRAND.—Color a dazzling flame scarlet, fine, prominent truss, flowers large and of great substance, an excellent bedder and pot plant. For planting in masses we have seen none to equal it. Another thing in its favor, it takes fewer plants from its sturdy branching habit to give effect. Price, 5 cents each; 50 cents per dozen; \$3 per hundred.

BLACK KNIGHT—This is the darkest and richest Geranium grown. It is very bright, dark, deep, rich velvety maroon, very dark and rich, and at the same time very bright. An excellent bedder and pot plant, one that must find its way into every collection. Simply superb. Price, 6 cents each; 50 cents per doz.; \$4 per 100.

M'LE HOSTE.—Color of the flower a clear, bright salmon, with center and outer edges touched with white, and with soft shadings of carmine, velvety in texture, and of the most beautiful semi-double form. We have measured trusses of bloom on this variety ten inches in diameter. It is simply superb. A fine bedder. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

MISS FRANCES E. WILLARD.—It is of vigorous growth, the flower stalks are very long, and the flowers are carried well above the foliage; the color is a delicate bluish, shaded with pearl-pink. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

BED OF GOLD.—Those who have tried such Geraniums as Gilded Gold, Progressive and Golden Dawn, will find this variety is far in advance of all other existing kinds of orange-scarlet. It is of a rich golden-orange shade, its large trusses opening freely, the habit being as free and robust as that of any other variety. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

BEAUTY POITEVINE.—Very large, semi-double flowers, borne on immense trusses. Free bloomer, either as a pot plant or as a bedder. It has no equal of the color, which is a brilliant salmon, very clear at the borders. This might well have been called "Salmon Bruant," as it is identical in every way but color. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

MONTESQUIN.—One of the most exquisitely beautiful in color, which closely resembles that of the Grace Wilder Carnation. The floret is quite circular, and more than semi-double. Truss of large size, nicely carried on good stems; florets large. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

BRUANT.—The giant among Geraniums. We consider this the bedding Geranium of all varieties. The plant redounds in vigor foliage, and all the qualities that go to make the perfect bedder that it is. Fine also in pots. It is of the semi-double type, (the most striking of all), only the double form takes place near the base of the petals, allowing them free development, and at the same time showing the semi-double type. It embodies all the advantages of both types, the perfect development and free-blooming qualities of the singles, the fullness and beauty of the doubles, without their great fault of having the florets damp and drop off and become unsightly when planted out. Price, 5 cents each; 50 cents per dozen; \$3 per hundred.

HETERANTHE—Double General Grant.—We consider this the best bedding Geranium of all varieties. The plant redounds in vigor; foliage is strong, striking, and of perfect habit. Color of the flower is a bright vermilion-red, of most pleasing shade. The flowers are absolutely perfect in shape, color and make up; trusses exceptionally large and borne in immense spherical balls, often measuring eight inches in diameter. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedder that it is. Price, 50 cents per dozen; \$3 per hundred.

EMILE DE CIRARDIN.—No one who has not seen this lovely pink Geranium as it is grown in the beds and borders of the Northern parks can imagine the beauty that lies in a flower of that color. Of a deep, soft rose, rather than pink, but fresh and bright; the flowers are perfect in form and borne well and clear above the foliage. The long beds of it seen in the Chicago parks, with their edgings of "Golden Bedding" Coleus, formed the most beautiful Geranium planting we have ever seen, and the combination is delightful. It stands the sun perfectly, and is, in our opinion, the finest double variety of any color for massing, when a delicate and artistic effect is desired. Price, 5 cents each; 50 cents per dozen; \$3 per hundred.

CALIFORNIA.—Golden-orange shade, of the most brilliant hue. The flowers are of the largest size, most perfectly shaped, in large trusses, opening freely at all seasons. The habit and growth is as free and robust as in any other variety. It is well marked in character and distinctness. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

WILHELM PFITZER.—A beautiful bright apricot color, quite distinct and by far the best ever sent out of the color. We think this is one of the best pot or market Geraniums. Its peculiar and distinct color are wonderfully attractive. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

THE BEST NEW SINGLE GERANIUM * * *

THE WONDER

THIS new Geranium, without doubt, is the finest that has ever been offered; came from France in a lot of fine sorts, and is supposed to be a sport from the scarlet Geranium, Athelete. It being so intense in color, such a wonderful bloomer and strong grower that it was kept separate and styled "The Wonder," from the fact that every one who saw it pronounced it wonderful. The artist has copied exactly in size an ordinary truss. The flowers are the most intense, dazzling scarlet, and are borne in trusses of enormous size, measuring from 18 to 20 inches in circumference, with single florets measuring 7 inches in circumference. The foliage is fine and rich in color, and in strong contrast to the brilliant scarlet flowers. As a pot plant or a bedding Geranium, it has no equal. Price, 10 cents each; 60 cents per dozen; \$4 per hundred.

The Incomparable Single-Flowered Salmon Geranium, * *

MRS. E. C. HILL

There never has been a salmon-colored Geranium to equal this, although it was introduced some four years ago, and it is rarely offered in wholesale lists, because it is at once picked up by market growers. We have a nice lot growing, and think we will be able to meet the demand. For those unacquainted with the variety we would say it is a most distinct and pleasing shade of salmon, with light shading at the center. Trusses are large and composed of an immense number of florets. The finest salmon flowered Geranium to date. Price, 10 cents each; 50 cents per dozen; \$4 per hundred.

NEW GERANIUM *

M. POIRIER

It is a perfect marvel among Geraniums, and is the best of the new dwarf-grown sorts. It is very dwarf and compact, and of a very branching habit. The flowers are produced in the greatest profusion upon large-sized trusses, and the color is like the beautiful Aurora; is unique and changeable, some tresses being of a deep rosy-salmon, streaked and veined carmine, with deep magenta color; others with the outer petals almost a pearly white, with carmine color. No two trusses alike. Taken as a whole, it is the first of the Bruant race in this color. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

Strobilanthes Dyerianus.

This plant will undoubtedly become universally popular on account of its brilliant and exquisite coloring, its extraordinary easy growth and usefulness as a decorative plant. It surpasses the finest *Coelus*, *Begonias* or *Bertolonias* in the exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms with which the plant is covered in mid-winter, greatly enhance its value, beauty and usefulness. The undulation on the surface of the foliage is furnished with a bluish metallic hue, shading into light rose with a light green margin. THE SWAINSONIA is a native of Australia. Easily grown, and, under favorable conditions, it is almost a perpetual bloomer. ✦ List of New Roses and Roses of Special Merit ✦

AT PRICES QUOTED

Maman Cochet.

New Forcing Rose, BRIDESMAID.

A new Rose. A sport from that old standard, Catharine Mermet. This variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catharine. All know that Catharine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur and more cut bloom is sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It has, though, with all these good qualities, a serious defect, namely, "off color." This is more noticeable in dark, cloudy weather, but it is true of the Rose at all times. Now, this is why the Bridesmaid will supersede the Mermet. It is about two shades deeper in color—just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. Strong, two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Rose, HENRY M. STANLEY.

This grand new ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer, and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber-rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Hybrid Tea Rose, VISCOUNTESS FOLKESTONE.

No Rose in our catalogue has grown in popularity during the past year like Folkestone. It is unsurpassed among light colored varieties. It is graceful to the last degree, with strong, healthy foliage. The flower is delicately tinted flesh, almost white, and lustrous as satin. When full blown it is like a white Peony, but without a suggestion of stiffness. We have measured flowers of this variety 6 to 8 inches in diameter. It is sweet-scented. Don't fail to include the Folkestone in your order. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Ever-Blooming Tea Rose, MRS. DeGRAW.

Everybody wants a hardy, ever-blooming Rose, and we now offer the grandest of this class. From early Summer until frost it can be depended upon to produce flowers of large size and exquisite fragrance in lavish abundance. In color it is a rich, glossy pink. It is such a strong grower that it is almost impregnable against attacks of insects. For garden or cemetery plots it has no equal. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, J. B. VARRONE.

A fine grower, flowers very large and double, with high center, opening from long buds. Color a soft China Rose, changing to bright, deep carmine of even shading. An extra good Rose and very sweet. Much superior to Luciole, which it greatly favors, but of a very better growth and much freer in blooming qualities. A grand new Rose. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, MAMAN COCHET.

One of the best new Roses for 1895. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half-expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose-pink, the inner side of petals silvery-gray. This variety was illustrated and described in the "Journal des Roses" two years ago, and one thousand dollars was refused for the stock by the originator, Mons. Cochet. Price 6 cents each; 50 cents per dozen; \$3 per hundred.

New Rose, CRIMSON RAMBLER.

This superb novelty is of the Polyantha class and was originally received from Japan. The flowers are produced in great pyramidal panicles or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one to one-and-a-half inches in diameter and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. The foliage is bright green and glossy, and contrasts finely with the bright crimson of the flowers. It is said to be exceedingly hardy, having successfully withstood the test in exposed situations of two very severe Winters in England. We can recommend this novelty in the strongest manner as being a new Rose of great importance and value. Price, 50 cents per dozen; \$4 per hundred.

New Forcing Tea Rose, CHRISTINE DE NOUE.

(The Double Papa Gontier.)

This beautiful new red Tea is a very charming Rose, and promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large sized, graceful bush, with bright, deep green foliage. A constant and very free bloomer. The flowers are well borne up on stems, and are usually large and handsome. It is a very double Papa Gontier, and will be splendid for forcing. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

New American Rose, SENATOR McNAUGHTON.

(White Perle des Jardines.)

This fine white Rose originated with Mr. Jos. Bevis, of Philadelphia, as a sport from Perle, and is a grand variety. In foliage and growth, it is identical with Perle; the flowers are of the same form and size, while the color is an ivory white of great purity. This variety will prove invaluable to rose-growers, for it is of the same easy management as Perle, requiring the same temperature and treatment; and if there is a difference in freedom of bloom, it is in favor of Senator McNaughton. Price, 10 cents each; 75 cents per dozen; \$5 per hundred.

Senator McNaughton.

Kaiserin Augusta Victoria.

**THE GREAT FORCING ROSE,
CATHERINE MERMET.**

A beautiful, clear rich color, with the same silvery lustre seen in La France. Large, well formed. Very beautiful in the bud. One of the most popular Roses for cut flowers. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

The Superb Yellow Rose, MARECHAL NEIL.

The most popular of all. A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Neil at a time. Price, fine plants, 50c. per dozen; \$4 per hundred.

New Tea Rose, MISS WENN.

This charming variety is noticed at once for its exquisite color, which seems entirely distinct from almost all other Roses of our acquaintance. We call it a clear coral pink, a most novel and distinct shade of color very difficult to describe. The French call it a China Pink. It is certainly a very beautiful color, and full and exquisitely Tea scented. Price, 6 cents each; 50 cents per dozen \$4 per hundred.

New Tea Rose, CAPTAIN LEFORT.

Color of flower rosy-purple, reverse of petals China Rose. This variety is a cross between Socrates and Catherine Mermet. Long buds on stiff stems. A variety of great merit. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Golden-Yellow Tea Rose, MEDIA.

There is no denying the fact that yellow and white Roses are admired by every one, but the yellow has the more admirers of the two. The size and shape is all that could be desired; full, round flowers of the largest size, perfectly double the center, and the fragrance is elegant. The growth is vigorous, while the foliage is of green that goes so well with yellow. Price, 6 cents each; 50 cents per dozen; \$5 per hundred.

New Tea Rose, THE QUEEN.

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proved valuable, both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white, ever-blooming Roses. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Forcing Rose, KAISERIN AUGUSTA VICTORIA.

THIS beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open. Color a pure snowy-white. Price, 8 cents each; 75 cents per dozen; \$5 per hundred.

New Bourbon Rose, MRS. PAUL.

It is of strong, thrifty growth, with large glossy-green foliage, and large, fine flowers, which have the requisite substance to withstand our hot, dry summers. The color is a bluish-white, usually overlaid with rosy-pink shadings. This rich, unique coloring is one of its marked characteristics, and stamps it with a distinctive charm. The outer petals are grandly recurved, forming an excellent contrast to the camellia-like inner petals. For smoothness, richness and finish this Rose is without a rival. Price, 8 cents each; 60 cents per dozen; \$5 per hundred.

Tea Rose, Md. DE WATTEVILLE.

This grand ever-blooming Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly colored with rosy-blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Climbing Rose, WALTHAM QUEEN.

This splendid new ever-blooming Climbing Rose is introduced from England, where it has given great satisfaction. It is a valuable acquisition, particularly for the South and Pacific Coast, and though not entirely hardy in the North, it will probably do well in many situations in the Middle States. It is a strong grower and continuous bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest profusion with its beautiful, rich red flowers of magnificent size. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Climbing Rose, REINE OLGA DE WURTEMBERG.

A splendid Rose, and should be grown where the Marechal Neil succeeds. This variety, as grown in the South of France, is simply indescribable. The people in the South would do well to employ this beautiful sort for covering verandas and trellises. Color a rosy-carmine, suffused with yellow. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, PRINCESS BEATRICE.

A vigorous grower, with stiff, erect wood, thick, handsome foliage, and very free-flowering. Flowers well carried on long, stiff stems; large, full and of the most perfect form; petals round, broad and very thick; outside petals, pale yellow center, rich golden-yellow. Edge of petals lightly laced with bright rose. Price, 8 cents each; 75 cents per dozen; \$5 per hundred.

Forcing Rose, THE BRIDE.

This is decidedly the most beautiful white Tea Rose. It is a sport from Catherine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and last a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. During extreme hot weather it becomes a pinkish-white, at other times a beautiful pure white. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

NEW TEA ROSE,

... COMTESSE DE FRICNEUSE.

In color charming, in freedom of bloom second to none. The buds are long and pointed, not unlike Niphetos in form, and good size. The color is a deep golden-yellow, with softer shade inside of petal. As a yellow Rose this takes rank next to Marechal Neil. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

The Queen.

**The Meteor.****The New Crimson Forcing Rose, METEOR.**

A velvety red ever-bloomer, of the deepest glowing crimson. As fine as a Hybrid; flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free bloomer and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable dark ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florists' use. The usual demand for forcing this Rose has caused us to grow them in large quantity, and we offer them in two sizes. Nice, strong two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

Hybrid Tea Rose, LA FRANCE.

It is of a superb form, and double as a Rose can be. No variety can surpass it in delicate coloring—silvery-rose shaded with pink. It has satin sheen over all its petals. It is most universally regarded as the most useful of Roses, for it is hardy beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time, is exquisitely colored, and fragrant in the highest degree. Another Rose of which one cannot have too many. Price, two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Rose, CLIMBING LA FRANCE.

A decided novelty in Roses, and one we can strongly recommend to our customers. We give the description of the introducer: "It is doubtful if, since the introduction of Gen. Jacqueminot and La France, there has been offered such a sterling novelty in Roses as the Climbing La France. The two varieties mentioned are conceded to be without a peer in their class, but the Climbing La France towers so far above all Climbing Roses for the open ground that comparison is out of the question. Price, 6 cents each; 60 cents per dozen; \$5 per hundred.

New Forcing Rose, WHITE LA FRANCE.

(Augustine Guinnoiseau.) A Rose we recommend to all, whether for out-door culture or for pots in the house in winter. If you were to ask us to select six of the finest Roses for you, we should be sure to include it in the six. Do you know La France? If so, you know this elegant new Rose. It is identical with La France, except in color. It is pearly white, sometimes tinted with fawn. Thousands of persons who have visited our grounds last summer have been started with the beauty of this Rose, one and all exclaiming, "What beautiful Rose is that?" We predict for it far more popularity than La France ever attained. Don't fail to get this new Rose. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

DEVONIENSIS—Magnolia Rose.

A beautiful, creamy-white, with rosy center, large, very full, and a delightfully sweet, Magnolia fragrance. Price, 50 cents per dozen; \$4 per hundred.

New Tea Rose, GEN. ROBERT E. LEE.

(Introducer's description.) This is the first Rose that we have introduced, and we are sure that it will please all who try it. It is in color an orange-yellow after the color of Ma Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any other Rose we know of. It forces easily, being at its best in mid-winter. There is no variety that will compare with it in all the qualities that go to make up the ideal Rose. The color is so peculiar and rich that it attracts attention wherever seen. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Hybrid Tea, TRIUMPH DE PERNET PERE.

The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. Price, 8 cents each; 60 cents per dozen; \$5 per hundred.

New Rose, THE RAINBOW.

* This new Rose from California, which, no doubt, will be extensively planted, was awarded a silver cup by the State Floral Society. The color is a lovely shade of deep coral pink, striped and mottled in the most unique manner with intense crimson, and elegantly colored with rich, golden-amber at center of base of petals. It makes beautiful buds and the flowers are extra large, very sweet and of great depth and substance. Price, 50 cents per dozen; \$4 per hundred.

RED MALMAISON.

(Souvenir de la Malmaison a Fleurs Rouges.) This beautiful Rose is identical with Souvenir de la Malmaison except in color, which is a clear, deep, rich scarlet. A grand and handsome Rose in every respect. Price, 65 cents per dozen; \$5 per hundred.

It equals Marechal Neil in size, on strong bushes. A deep chrome yellow. A remarkable Rose, deserving extensive culture. Price, 50 cents per dozen; \$4 per hundred.

In its shadings of deep coppery-yellow it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

The Superb, New, Ever-Blooming Rose,**CLOTHILDE SOUPERT.**

(The best market pot Rose.) This Rose originated with Messrs. Soupert and Notting, of Luxembourg, Belgium. It is a strong, vigorous grower. The flowers are large, double, beautiful in form, with the style of the beautiful Rose, "Ball of Snow." The flowers are borne in sprays, and the color blends from a soft shell-pink to a pure satiny-white. Roses with both of these colors are produced on the same plant at the same time. This Rose is destined to take high rank as a pot Rose for bedding purposes, and with the increased

taste for Roses in clustered sprays, will be profitable as a cut flower. No other Rose approaches it in flowering qualities, not even the grand old Hermosa. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.
